Ruslan Fattakhov

+7-987-607-12-17 | fro19999@mail.ru

EDUCATION

Lomonosov Moscow State University   2017 – Present

Department of Mechanics and Mathematics

- Relevant Courses: Calculus, Linear Algebra, Mathematical analysis, Probability theory and Mathematical Statistics, Programming (Python, C++)
- GPA: 4.0/5.0

Huawey Share MSU   2020

Specialization Machine Learning, Data Analysis, Neural Networks and Computer Vision

PROJECT

Predicting the results of football matches | *Python, scikit-learn, plotly, numpy, pandas*   2021

- Data processing, adding augmentation
- Data visualization
- Building a model

SKILLS

Programming Languages: Python, C/C++, SQL
Frameworks and libraries: Jupyter, Numpy, Pandas, Matplotlib, Plotly, Xgboost, Scikit-learn, PyTorch
Soft Skills: Purposefulness, Communicable, Motivated, Team Work, Learning Potential

OTHERS

* Prize-winner of the republican stage of the All-Russian Olympiad for schoolchildren in mathematics
* Gold medalist at school
* I love sports, I have a category in chess, basketball and volleyball
